

Spend your summer innovating with bright minds!

Unisys Technology Forum India wants you to be a part of the team. We are inviting proposals for Research Interns at Unisys Innovation Labs, Bangalore.

If you are B. Tech / M. Tech / PhD student, then join us and make your summer holidays count! You can propose your ideas and problem statements during the application process. Alternatively, Unisys can also recommend projects to you.

- **Who can apply:** B. Tech / M. Tech/ PhD students from anywhere in India
- **Duration of the internship:** 3 - 8 weeks between June – August 2017
- **Internship location:** Bangalore
