CAPACITY BUILDING/ SKILL ENHANCEMENT PROGRAMS

In capacity development and skill enhancement scheme the following activities are conducted:

➢ Soft skills

➢ Language and communication skills

➢ Life Skills (yoga, physical fitness, health & hygiene)

➢ Awareness of Trends in Technology

Every year different activities are conducted to enhance the different soft skills like personal interview, personality development, team building activity etc. Different activities are also conducted to enhance the language and communication skills of the students. In order to spread awareness about healthy lifestyle, yoga session is arranged. The students learn yoga and its health benefits. In order to spread awareness regarding road safety and rules regarding driving, the road

safety week is organized. In order to make the students aware of the latest trends and technology every department conducts guest lecture(s) in each semester. An industry expert is invited for the conduct of guest lectures. They provide fresh approach to the topic(s), signify the relevance of the subject/topic from an industry perspective. The students are introduced to the current trends in the market.
