### ***7.1.8: Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities***

The institute provides a culturally inclusive environment with mutual respect, effective relationships, and clear communication. People of all cultural orientations work in harmony that is safe from abuse, harassment, or unfair criticism. Everyone has freedom to express their own opinions and are given equal opportunity to participate in teaching, learning, work and social activities.

Equal opportunities are provided to the students in various activities conducted throughout the session irrespective of their caste, creed, religion and region. The institution believes in equality of all cultures and traditions as is evident from the fact that students belonging to different caste, religion and regions are studying in the college without any discrimination. There is no segregation of students on the basis of their lingual or communal background. Students feel safe and secure at the institute.

Various cultures are represented during the fests which depict sense of respect towards all the cultures. Sports, cultural and technical activities are organized inside the college to promote harmony towards each other. Annual festival “Mridang” is organized every year.

Commemorative days like Women’s day, Teachers’ day, Yoga day, national festivals are also celebrated in the college. All this establishes positive interaction among people of different racial and cultural backgrounds.

To represent our Indian culture, on the eve of our college annual gathering we organize a traditional dress competition and fashion show. In this competition students wore the different attire representing the different states, religions and cultures. Through this activity students get acquainted with the different culture of our nation and help to develop the tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities. This also creates the inclusive environment in the college and society.
